

FOR TRAINING & EDUCATION PARTNERS · 2026

Fill your next cohort. Connect to hiring partners.

Bridge to Work — Training Partner 1-Pager

Bridge to Work brings together Utah employers, training providers, and candidates in one room — so apprenticeships, stackable credentials, and on-the-job pathways are matched directly to the employers hiring your graduates. We co-market with you, route candidates to you, and structure the floor around enrollment outcomes.

What you get

- Direct outreach to prospective enrollees in advance of the day.
- Booth + enrollment table at the 2026 Matchmaker.
- Co-marketing with employer partners hiring your graduates.
- Recognition in event materials, our website, and the coalition partner channels.
- A simple post-event outcomes report (enrollments, intent, interviews).

Best fit

- Apprenticeship programs (electrical, mechanical, linework, welding).
- Stackable credentials and short-cycle programs at USHE, technical colleges, and industry partners.
- Veterans re-entry, workforce-board, and adult-learner pathways.
- On-the-job pathways with named employer hosts.

APPLY

Same intake form as employers and sponsors — one short form, routes to the training-partner lead → <https://forms.gle/odSEAE2YD7DeaGPL6>
